Christopher Louis Hewitson

Résumé

christopher.hewitson@yale.edu +1-475-414-8937 0000-0001-8953-3636

Education

2017 – 2021 | **Macquarie University**
PhD in Cognitive Science
Sensorimotor learning in complex and uncertain environments

2016 – 2016 | **Macquarie University**
MRES in Cognitive Science
Investigating Interlimb Generalisation of Bayesian Sensorimotor Learning

2014 – 2015 | **Adelaide University**
BA(Hons) in Philosophy of Cognitive Science
Eliasmith's Account of Mental Representation: A Peircean-inspired Analysis

2010 – 2011 | **University of South Australia**
MTEACH in Middle and Secondary Education

2007 – 2008 | **Adelaide University**
BA in Philosophy of Mind

2005 – 2006 | **Flinders University**
BSc(Hons) Pharmacology
Acute effects of haemodialysis on biochemical modulators of endothelial function

2002 – 2005 | **Flinders University**
BTECH in Pharmacology and Molecular Synthesis

Awards, Honours and Grants

2022 – present | **Yale University**
Seesel Endowed Postdoctoral Fellowship
- ACT lab, Wu Tsai Institute, Yale University, adviser Samuel Mcdougle.

2019 – 2020 | **Macquarie University**
Competitive Post Graduate research fund recipient
- Partitioning Feedforward from Feedback Components of Bayesian Sensorimotor Learning: SFN 2019, Chicago.
- Lab visit with Associate Professor Jordan Taylor at the Princeton Neuroscience Institute, New Jersey.

2018 – 2019 | **Macquarie University**
Centre of Excellence in Cognition and its Disorders: Student exchange scheme grant recipient
- Investigating the implicit vs explicit components of Bayesian motor learning.
- Lab visit with Professor Timothy Carroll at the Human Motor Control Lab, University of Queensland.

2017 – 2020 | **Macquarie University**
Centre of Excellence in Cognition and its Disorders: Neural markers training scheme grant recipient
- Investigating the neural mechanisms underlying Bayesian sensorimotor learning using transcranial magnetic stimulation.

2014 – 2015 | **Flinders University Department of Computer Science, Engineering and Mathematics**
Summer intern Scholarship
- Development of neural network architecture in Java.

Work Experience

2022 – present
Yale University
Postdoctoral Associate, ACT lab, Wu Tsai Institute, Yale University
- Postodctoral researcher into motor-learning neuroscience, advised my Samuel McDougle.

2019 – 2019
Macquarie University
MRES Adjunct Supervisor
- Co-supervision of visiting cotutelle student from Georg-August-University, Göttingen

2017 – 2020
Macquarie University
Tutor
- COGS100: Introduction to Cognitive Science.

2013 – 2015
UniSA: Computational and Theoretical Neuroscience Lab
Volunteer intern
- Development of improved learning rules for Recursive Neural Network Architecture (Supervised by Dr. Mark McDonnell)

2012 – 2015
Hamilton Secondary College Adelaide
Secondary-school Teacher
- Year 11 and 12 Psychology, Philosophy and Nutrition studies. Year 11 Physics, Chemistry and Biology. Year 8 - 10 History, English, Japanese and Media studies.

2011 – 2012
Norwood Morialta Middle School
Middle-school Teacher
- International Baccalaureate (IB) Science, years 8-10.

2010 – 2011
Tall-poppy Tutors Adelaide
Private tutor
- Secondary-school years 8-12 tutor (Science and Psychology).

2009 – 2010
Flinders University School of Medicine
Tutor
- Graduate-entry Medical program.

2009 – 2010
Flinders University Department of Philosophy
Tutor
- Theory of Knowledge program.

2006 – 2007
Flinders University Department of Pharmacology
Research Officer
- Analysis of short-term reproducibility of arterial vasoreactivity by pulse-wave analysis after pharmacological challenge project.

Publications

2007
